

Viet Peace Has First Priority For Humphrey

LOS ANGELES (AP) — Vice President Hubert H. Humphrey said today his first task if elected president "will be to restore peace in Vietnam."

He told a Town Hall luncheon in a prepared speech America must seek to strengthen the alternative to conflict "and in Vietnam that alternative is clear."

South Vietnam's affairs, he said, "should be run by the people who live there, not by Washington or Hanoi."

Humphrey said this course means free elections "in which all can vote and all can run for office, with guarantees against force and intimidation."

And he added, "it means being willing to accept the results of these elections."

Humphrey arrived here Saturday on a four-day campaign visit. He moves to San Francisco Tuesday.

While he met privately Sunday afternoon with the state's 174-vote Democratic delegation pledged to the late Sen. Robert F. Kennedy, an antiwar rally was staged outside the hotel.

Many of the protestors, estimated by police at 3,000, carried signs boosting the candidacy of Sen. Eugene J. McCarthy, D-Minn.

The demonstration was organized by the Peace Action Council, the same group that protested an appearance at the hotel of President Johnson on June 23, 1967, when about 50 persons were arrested and an equal number injured in clashes with police.

Humphrey's campaign Sunday night moved to the storybook castle of Camelot at the Warner Bros. - seven Arts studio lot at the foot of the Hollywood hills in nearby Burbank.

The political rally was organized by Nancy Sinatra and Young Citizens for Humphrey.

General Key In Bolivia's Crisis

LA PAZ, Bolivia (AP) — The outcome of Bolivia's current crisis seems to depend on whether Gen. Alfredo Ovando, the chief of the armed forces, wants to take the presidency now or get elected to it in 1970.

It is generally agreed that Ovando and the 14,000-man army could easily overthrow President Rene Barrientos. Or Ovando may let the president finish out his term.

"It all depends when Ovando wants to be president, tomorrow or in two years," said one well qualified observer. "There is no question that he wants to be president. As it happens, Barrientos has given him a chance now thanks to the Guevara diary."

Barrientos' problems began early this month with Cuba's publication of the diary Bolivian troops took from the late Ernesto Che Guevara after they crushed the revolt he was leading. The president's troubles reached crisis proportions when his former interior minister, Antonio Arguedas, fled to Chile.

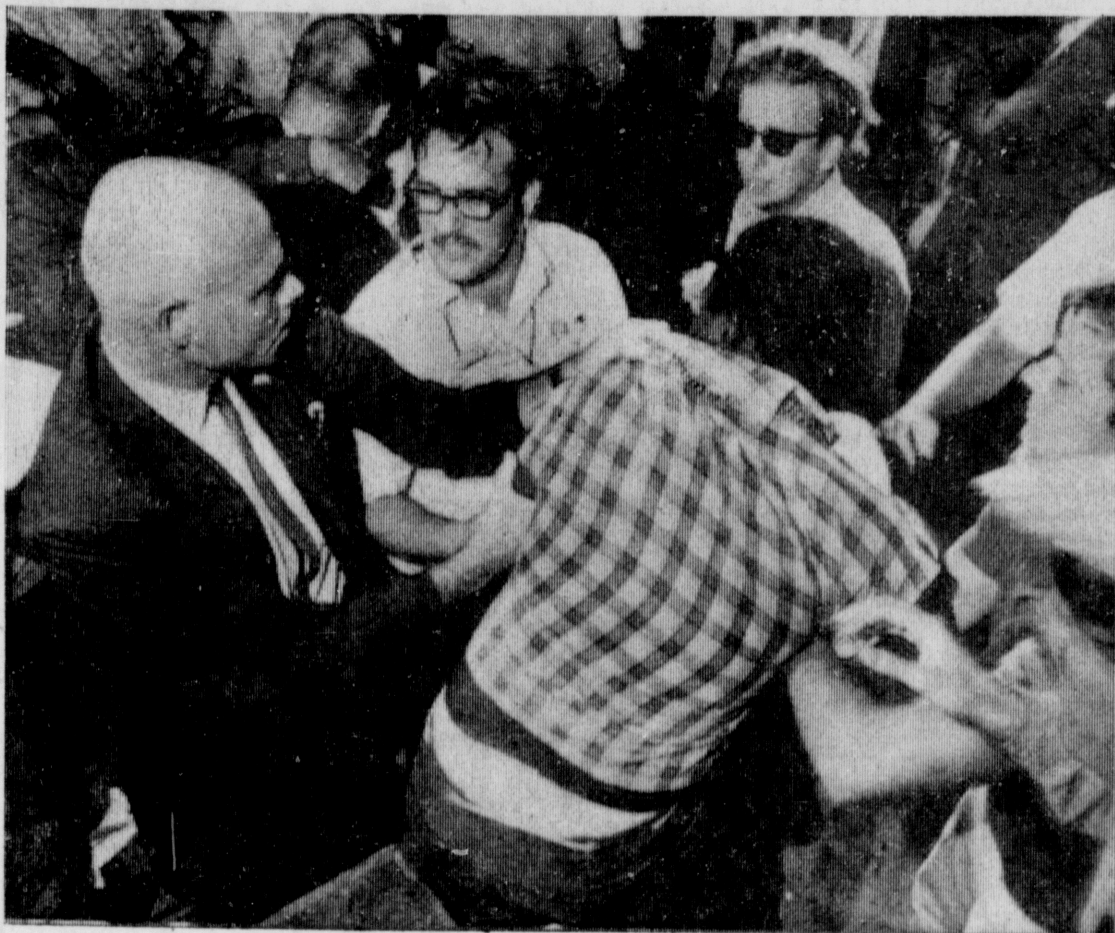

Arguedas also called himself a Marxist admirer of Guevara and Castro and said he wanted to return to Bolivia to lead a revolution against "the North American imperialists."

Lake Liner Now Marine Museum

DOUGLAS (AP) — The S. S. Kewatin, considered one of the last classic passenger steamships afloat, opened to the public as a tourist attraction this weekend at her mooring in the Kalamazoo River at Douglas. Built in 1907 in Scotland, the 336-foot lake liner, until last year owned by the Canadian and Pacific Railroad, has been restored and refurbished by her new owner, R. E. Peterson, as a marine museum.

Cong Raid Smashes Three U.S. Planes

SAIGON (AP) — Viet Cong infiltrators in jumbo jets attacked a U.S. air base today and blew up \$6 million worth of planes.

The attack on the Tuy Hoa air base, on the central coast of South Vietnam 295 miles northeast of Saigon, was the third on an American air base in Southeast Asia in three days. It raised U.S. aircraft casualties since last Monday to the unusually high total of 12 planes lost-including nine downed over North or South Vietnam and four badly damaged.

Air Force officers at Tuy Hoa said about nine Viet Cong got into the base and all were killed. One American was reported wounded.

Reports from Tuy Hoa said the Viet Cong slipped into the base under cover of a brief mortar and rocket attack shortly after midnight. Firing rocket-propelled grenades and hurling satchel charges, they destroyed two four-engine C130 transport planes and badly damaged an F100 Supersabre fighter-bomber. Several other transports were slightly damaged, U.S. officers said.

No Guard Casualties
Tuy Hoa is the home of the 31st Tactical Fighter Wing, an outfit of about 100 Supersabres. Among its five squadrons are two Air National Guard units which arrived in Vietnam in June, the 188th Tactical Fighter Squadron from New Mexico and the 136th from Niagara Falls, N.Y. Neither unit had any casualties.

On Friday night, infiltrators got into the Udorn air base in northern Thailand and badly damaged two planes, while a rocket attack on the Da Nang air base destroyed one jet fighter-bomber and badly damaged another.

The raid at Udorn was the first on one of the six American bases in Thailand, from which 85 per cent of the bombing missions against North Vietnam

originated. The U.S. Embassy said defenses at the bases were being strengthened, and patrols around the bases were being enlarged.

Road Mishaps Take 13 Lives

By The Associated Press

At least 13 people lost their lives on Michigan roads this weekend, including two young men whom police say were being chased for traffic violations when they crashed in Sanilac County.

Louis Walsh, 21, of Marlette and Dean Sowerby, 19, of Sheridan were killed when their car smashed into a culvert Saturday near Forestville while they were being pursued by a Minden Police car.

The Associated Press count started Friday at 6 p. m. and ended Sunday midnight.

Other aircraft losses announced during the weekend included a Navy A4 Skyhawk downed southeast of Vinh, in North Vietnam, and an F100 Supersabre downed off the coast of South Vietnam. The Skyhawk's pilot is missing, but the two crewmen of the Supersabre were rescued.

Hit Supply Boats
The Skyhawk was the 873rd American warplane lost in combat over the North. The cause of the Supersabre downing has not been determined.

Navy, Air Force and Marine pilots reported destroying or damaging 232 supply boats on waterways in North Vietnam's southern panhandle Saturday, "the largest bag of boats for the war," said one U.S. spokesman.

The American pilots also reported the destruction of 46 enemy trucks and silencing 10 anti-aircraft sites.

In 118 missions over the panhandle Sunday, U.S. pilots reported smashing another 152 supply boats for a total of 477 reported destroyed or damaged over the past four days.

Pontiac said he had discussed over the phone the possibility of going fishing for Coho salmon before returning home.

Murphy was reported overdue Saturday night. A helicopter discovered the overturned boat near Garden Island, north of Beaver Island, before dusk Sunday. Authorities said one life jacket was missing from the boat.

He attended a state convention of county clerks in Marquette for four days last week. He arrived on Beaver Island, where he owns property, last Thursday.

Bishop Selway Among Conferees At Lambeth Meet

The Rt. Rev. George R. Selway, D.D., of Menominee, Episcopal bishop of Northern Michigan, is one of an estimated 500 Anglican prelates attending the Lambeth Conference in London, England. He is serving as secretary of the committee on special ministries. Mrs. Selway and their youngest son, Michael, a junior at Michigan State University, accompanied the Bishop.

The Lambeth Conference, which convened at Church House, Westminster, on July 25, will remain in session until Aug. 26. The Archbishop of Canterbury, the Most Rev. and Rt. Hon. Arthur Michael Ramsey, is the host bishop. He serves as spiritual head of the Anglican communion comprising 19 national or regional churches throughout the world of which the Episcopal Church in the United States is a member. The Communion embraces 47,198,230 baptized members throughout the world.

"The Renewal of the Church in Faith, Ministry and Unity" is the theme of the Conference, which has been held every ten years since 1867 except during the Second World War. In addition to the bishops, for the first time observers will include representatives of the Roman Catholic Church, the Orthodox churches, and many other religious institutions and organizations.

Naubinway Dedicates Splendid New Marina

NAUBINWAY — This Mackinac County village which has been home port for a commercial fishing fleet for over a century, had what old timers said was the largest public visitation in its history on Saturday afternoon and evening for the dedication of its new marina.

There were 500 persons served an evening meal at St. Stephen's Catholic Church after the harbor ceremonies and then the throng waited for enough dark to make a fireworks display effective. It was a big day in Naubinway.

Cooperation of many persons and agencies over a long period of time achieved the creation of the marina. It cost \$175,000 for engineering and construction and was nearly completed by Gallagher Marine Construction Co., of Escanaba, the general contractors, last year and finished this year.

Federal aid, Michigan State Waterways Commission aid, and help from Garfield Township and Mackinac County financed the marina.

Many Speakers

Harold Dettman, chairman of the Mackinac County Board of Supervisors was master of ceremonies for the program Saturday afternoon which introduced or heard from: Charles Bayer, Lansing, chairman of the Michigan Waterways Commission; State Senator Thomas Schweigert (R-Petoskey); Atty. Raymond Clevenger of Sault Ste. Marie, Democratic candidate for Congress who was helpful to the project when he was serving in Congress; C. S. Blakesley of Grand Rapids, president of the 36,000 acre Hiawatha Club in the Naubinway area; William Jeeves, Marquette, U.P. manager of the

Small Business Administration; and State Rep. Robert Davis, (R-St. Ignace.)

Emmet Vallier, Naubinway grocer and supervisor of Garfield Township, was active in the project and in the program, and his daughters, Mrs. Dolly Vallier King and Mrs. Yvonne Trudeau of Naubinway sang, "America The Beautiful" in opening the program after presentation of a flag to the Marina by the Veterans of Foreign Wars. Mort Neff, Detroit, TV personality congratulated the area on the project's completion.

Sandy Klemman Queen The Marina Queen contest was won by Sandy Klemman, who was crowned and ruled over the event. Runners-up were Jeannette Vanderstar and Dickey Keller, and Queen Sandy's court included Doris Clark, Diane Mandrie and Nancy Keridge.

The great star of the day was the marina itself, strategically located 30 miles east of Port Inland, the last harbor or refuge in that direction for small craft, and even farther from St. Ignace, the next nearest harbor of refuge to the east.

Naubinway, said Stanley Jaroske, retired Detroit brewer and member of the program committee, is not going to rest on its marina laurels, but will now push for the creation of a state park further to expand Naubinway's attraction as a recreation center.

Kenneth Buckland of Northern Michigan Engineers, Inc., of Escanaba designed the marina. It has an average working depth of 10 feet of water,

Robison Deaths Quiz Continues

PETOSKEY (AP) — Emmet County sheriff's officers said they were continuing lie detector tests today of persons being questioned in connection with the slaying of a family of six, whose bodies were found last week at their Lake Michigan cottage in Good Hart.

The bullet-riddled bodies of Mr. and Mrs. Richard Robison and their four children were found by a caretaker. Authorities said they had been dead about a month.

The Robisons were vacationing from their Lathrup Village home in suburban Detroit.

Sheriff's officers said they had no new clues in the case, reporting they had searched Lake Michigan near the cottage with magnets in an effort to uncover the murder weapon.

Autopsies revealed the victims had been shot with .25 caliber bullets, although some .22 caliber shell casings were found in the summer home.

League Sponsors Used Book Sale

The League of Women Voters of Escanaba is conducting its used book sale this week at 904 Ludington St. across from the Delft Theater.

The public is invited to come in and browse. The hours are 10-5 Monday through Saturday, and 10-9 Wednesday and Friday.

If anyone is interested in making donations of books or records, he is asked to bring them to the book sale during opening hours.

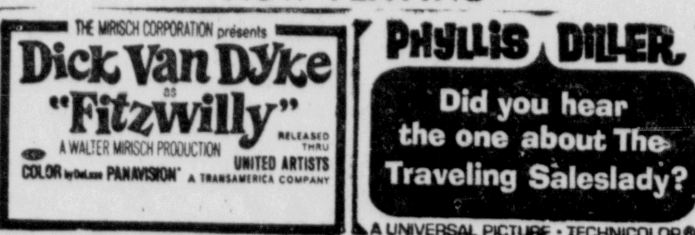

The League will have on display a selected group of publications published by the national and state Leagues and other associations. "Choosing the President" by the League of Women Voters of the U. S., describes in a readable manner the process of nominating and electing the president. This was a recent book dividend of the Book of the Month Club. "The Green Grass Roots" published by the League of Women Voters of Michigan is a political notebook for people at the grass roots level of our government. "New Michigan Politics" by Ramon B. Dixon is a description of Michigan election laws and political party structure.

Two publications by the Foreign Policy Association include "Intercom" and "Foreign Policy Election Issues 1968." "Intercom" is a bi-monthly magazine on world affairs. The latest issue is on the United States and foreign trade. "Foreign Policy Election Issues 1968" presents twelve foreign policy topics of special interest, such as, Vietnam, Communist China, the Middle East, and U. S. military commitments.

These publications as well as others will be available for examination and order during the book sale.

Fair Accents U.P. Performers And Action This Year

By JEAN WORTH

The 40th edition of the Upper Peninsula State Fair that opens in Escanaba on Tuesday, Aug. 13 takes a long step away from its traditional agricultural base and becomes highly automotive, it seems to us, but Cliff Perras, the irrepressible Frenchman from Nadeau who manages the fair says it isn't so.

"We are still an agricultural fair," he insists, "but agriculture has gone automotive; that's what's happened!"

Reminded that one of the highlights of the fair will be a 40-car demolition derby on Friday night Aug. 16, Perras suggested: "We can't kill 40 horses for a spectacle, so we're killing 40 jalopies in one mad race, with fenders flying everywhere except in the grandstand."

Great For Youth

Perras says that this year's fair will depart heavy dependence upon television and fair circuit entertainers and lean on Upper Peninsula attractions. "It'll be a great fair for young people," he suggests. "They've got the money and the strength to play at night. I'm pooped after one tour of the Wade Shows."

"They'll be on the Midway again this year, like they will be at the Michigan, Illinois and Wisconsin state fairs. We've got a fat contract with Wade this year so we save 30 jobs checking on tickets. The midway will be bigger than ever and the exhibition building space has been sold."

"Opening Day on Tuesday, is Safety Patrol Day and we'll have the Barnes RCA Rodeo at the grandstand afternoon and evening and start on judging of livestock, hobbycrafts, floriculture, art and foods."

"There'll be a beef-on-a-bun concession, and hotdogs on a

stick, Saykly taffy pulling, a caricature portrait artist and lots of pitchmen selling potato parers and gasoline savers. The \$125,000 Batmobile car will be on the midway, by the way.

Queen's Day

"Wednesday is Queen's Day with the contest to select the queen in the afternoon and the crowning at night. There'll be a battle of combos for professionals at the evening show with prizes of \$100, \$90, \$80, \$70 and \$60 for the best bands in the U.P. and six entered. We pay the transportation of the pros because they're unionized. The battle of the amateurs on Friday afternoon has the same prize money with no travel aid."

"Thursday is Senior Citizens Day with a grandstand dress revue and talent show and junior saddle show at noon and Tex Ritter and the Boll Weevils, Jim Ed Brown and Band and Sammi Smith in the afternoon and evening, providing country and western music. The gate will be free to all persons 65 and over until 6 p.m."

"Friday is Governor's Day and we hope to have Governor Romney if he's through with the Republican National Convention and Lieut. Gov. William Milliken if Governor Romney can't come. The combos will go at it in the afternoon show and we'll have a 40-car demolition derby at night with \$1,000 in prizes for the survivors and the last car running the winner. We

had Jan Garber scheduled but he canceled for health reasons.

Drums And Bugles

"Saturday is Veterans Day, with the Upper Peninsula's best drum and bugle corps competing at the afternoon show and a big stock car race in the evening."

"On Sunday afternoon we'll have auto racing again with a big international field of cars featuring modifieds. Bobby Iverson, who averaged 58 mph on our quartermile track recently, and Jerry Richer, our top modified driver, will be there."

"On Sunday night we revive horse pulling in both lightweight and heavyweight classes with stoneboat rules and 20 teams entered. We last had this event in 1953."

"The Fair will offer \$27,000 in prizes this year and employ 300 persons for the week. We will be honoring Adolph Wender, the Iron Mountain dairyman and Holstein breeder, whose son, Henry, is a member of the Fair Board of managers. He'll receive a plaque from the Governor citing his exhibits at the fair every year since it was founded 40 years ago."

"The fair had 160,000 visitors last year and this year we expect 200,000. Since we ended the free gate in 1964 we've doubled the income of the fair. It took in more than \$75,000 in 1967 with our 50 cent admission charge and children under 14 free."

VFW Coming To Escanaba

The 1969 state convention of the Veterans of Foreign Wars is assured for Escanaba next June 26-29, Claude Tobin Jr., convention chairman, announced today.

"Escanaba was approved as the 1969 convention city on Saturday," he said, after a meeting of VFW area officials and representatives of the City of Escanaba.

The decision was made by the VFW Council of Administration in Lansing, following a review of Escanaba's bid for the convention and its readiness to successfully carry through its obligation as the convention city.

Approximately 3,000 VFW delegates are expected to come to Escanaba for the state meeting next June.

E. Stonecliff Taken By Death

Erik Stonecliff, 86, of 1114 N. 18th St. died at 1:25 p. m. Saturday at St. Francis Hospital where he had been a patient for 37 days.

He was born March 15, 1882 in Sweden and was a dairyman for many years and was also employed at the Birds Eye Veneer Co.

Cool Coho Quickly

EAST LANSING — A coho salmon can be a gourmet's delight, but only when treated properly.

That's the contention of Dr. Gene Dice, leader of the Michigan State University extension sportfishery education project, who says that while you can't do anything to improve the eating quality of a freshly-caught salmon, you can do something to keep the quality.

Immediately after you land a coho, clean it and pack it in ice, he advises. The coho should be completely covered with ice and there should be an outlet in the lower section of the chest to let out water from melting ice.

If coho is allowed to stand in water — even cold water — the natural flavor will tend to be drawn out of the fish, says Dice.

Fayette Park Is Camper Favorite

Attendance at the Indian Lake State Park showed an increase of 2,971 persons for the week ending July 21 as compared to the same period last year, Leonard A. Bierlein, District Parks Supervisor at Newberry said.

Although the Newberry district comprising eight State Parks in this area is lagging behind in total attendance Fayette State Park records show an increase in both attendance and camp permits issued. District attendance shows a drop of 26,515 with camping down 589.

Most camp permits for the week ending July 23 were issued at Tahquamenon Falls when 1,051 families were registered. Tahquamenon also holds the district record for largest attendance on July 16 when 4,901 persons visited the Park.

Briefly Told

State Police ticketed the following motorists for violations: Thomas Trombly, Neil Maki and Edwin Colgrove, speeding; Michael Jenerou, excessive noise-muffler; and Wallace Bridges, no proof of insurance and driving under a revoked license.

Most lightning flashes, however violent, occur in a single cloud or between two clouds.

CC Reports More Visitors

One of the busiest places in Manistique these days is the local Chamber office with a sharp increase of visitors noted over last year, chamber secretary Carl Graves said.

Graves attributes the increase to the Chamber's central location on U. S. 2. The unusual structural effect of the Water Tower undoubtedly creates interest among visitors and a new sign identifying the chamber office also helps, he said.

Most of the travellers are interested in this area's state and federal parks and resort and motel accommodations information. People are very interested in other area attractions with the Big Springs, Seney Wildlife Refuge and the Thompson Fish Hatchery leading the list.

Graves said he also receives many queries about the history of the area.

Friday there was a waiting period for the picnic tables on the lawn of the old Water Tower site. The tourists seem fascinated with the Siphon Bridge adjacent to the Water Tower and the observation deck is a very popular spot.

Repairs have been completed to the Siphon Bridge and visitors are again enjoying the phenomenon of water level above roadway. During the repairs, made by the State Highway Department, the flumes were drained. Work was done underneath the bridge and also to its sides.

Hospital

Admitted to Schoolcraft Memorial Hospital were Elmer Pattenau, Nina Stone, Joe Robertson, Joan Holmberg, Charles Anderson, Lillian Cochran, James Lemaster, and Kathy Peterson.

Discharged were Stuart Morrison, Monte Olmstedt, Laura Belanger, Marjorie Fagan, Kathleen Reid, Evelyn Smart, Ruth Schulstrom, Ann McCallan, Josipa Bosanic, Loretta Jaynes, Helen Davenport, Mary Chase, and Charles Anderson.

Two Injured In Cycle Spill

A 15-year-old boy and his sister were admitted to Schoolcraft Memorial Hospital shortly after 9:30 Saturday night when they were thrown off a motorcycle they were riding, state police said.

David James Lander, 15, and his sister, Melonie Lander, both of Rte. 1, failed to negotiate a curve on county road 433 and the cycle ran 132 yards off the roadway and struck a culvert and then continued on 18 yards, with both youths thrown off. The two were taken by Public Safety Ambulance to the hospital and were reported in good condition Sunday morning by the hospital. David was cited for no operator's license, violation of the basic speed law, and improper license plates. His violations will be referred to Probate Court since he is a minor.

At 9:30 Friday night state police were called to investigate a three car accident on U.S. 2 near the Schoolcraft County Airport. Several cars had stopped on the highway to allow a motorist to make a turn off the highway when a car driven by Daniel Schleifer, 25, of Kaneville, Ill. was unable to stop and ran into a car driven by Austin Cunningham, 54, of St. Clair. The Cunningham vehicle then hit a car driven by Don Rushford, 18, of Rapid River. Schleifer was ticketed for violation of the basic speed law.

Rodney Novenske, 30, 207 Terrace Ave., was taken to Schoolcraft Memorial Hospital at 2:20 Saturday morning after his car hit a tree on U.S. 2 in Ensign Township. Novenske told officers he swerved to avoid hitting a deer. Novenske's car sustained considerable damage and had to be towed from the scene. No tickets were issued. Novenske is reported in good condition.

Juvenile Held In Gun Death

BELLAIRE (AP) — Sheriff's officers in Antrim County said today they are holding a juvenile in connection with the shooting death Saturday night of Pearl Simmons, 33, of East Jordan.

Deputies said Delbert Simmons, 26, of Boyne City also was shot. They believe a .22 caliber rifle was used.

The shooting occurred following a family argument at the home of Edsel Simmons in Kearney Township near Bellaire, officers said.

Delbert Simmons was listed in serious condition at a Petoskey hospital following surgery Sunday of a shoulder wound. Pearl Simmons was dead on arrival at the hospital.

Authorities said all three Simmons' are brothers, but they said the juvenile held has a different name.

Mrs. Carl J. Travis (Lee's Studio)

Judith Anne Frasher, Carl J. Travis Wed

Vases of white gladiolus and pompons adorned the altar of St. Thomas Church in Escanaba Saturday, July 27 for the wedding of Judith Anne Frasher of Escanaba and Sgt. Carl Joseph Travis of St. Paul, Minn.

The Rev. Donald Shiroda heard the solemn exchange of vows at 12 noon. Soloist for the service was Toni Erickson and organist, Mrs. Russell Sargent.

The bride is the daughter of Mr. and Mrs. Ralph Frasher of 1500 Washington Ave. and parents of the bridegroom are Mr. and Mrs. Jack A. Travis of 2073 Ames Ave., St. Paul, Minn.

Silk Organza

The bride chose for her wedding a floor length A-line gown of silk organza, fashioned with long lace sleeves, scoop neckline edged with seed pearls and a chapel length train.

A lace crown trimmed with seed pearls held her fingertip veil of silk illusion edged with Chantilly lace and she carried a spray bouquet of white pompons centered with a white Cattalaya orchid. During the ceremony the bride placed a long stemmed red rose at the altar of the Blessed Virgin.

Maid of honor for her sister was Barbara Frasher of Escanaba and bridesmaids were Susan and Janet Frasher of Escanaba, also sisters of the bride.

They were attired in light blue chiffon full length gowns styled with lace Empire bodices and flowing chiffon trains.

Hand Bouquets

Light blue chiffon clusters on petal shaped crowns, accented with flowers and seed pearls formed their headpieces and they carried hand bouquets of blue and white pompons with blue ribbon trim. Their pearl earrings were a gift of the bride.

Sharon Gerou of Escanaba, a cousin of the bride, was flower girl and was dressed like the bridesmaids. She carried a miniature bouquet of blue and white pompons. Carrying the rings was Jerry Travis of St. Paul, a brother of the bridegroom.

Serving as bestman for his brother was Terry Travis of St. Paul and groomsmen were Gary Williams of St. Paul and Carey Prey of Escanaba. Seating the guests was John and Calvin Marcoe of Escanaba.

Mrs. Frasher wore for her daughter's wedding a champagne colored dress and coat ensemble with meion accessories and she was presented a corsage of melon carnations. Mrs. Travis wore a hot pink lace ensemble with white and pink accessories and she pinned a white carnation corsage.

Reception

The reception was held at Marco's Starlite Room and the rehearsal dinner, hosted by the

bridegroom's parents, was held Friday evening at the Sherman Hotel.

The newlyweds will reside at 139 W. Hewitt St., Marquette. The bride attended Northern Michigan University and for the past year was employed as a secretary at Montgomery Wards in St. Paul.

Sgt. Travis attended the University of Minnesota for one year before entering the U. S. Air Force in 1966. He is presently stationed at K. I. Sawyer AFB.

Dear Heloise:

I made a towel rack for the inside of the wooden door below my sink.

With small screws, I attached two window shade brackets about a foot apart up near the inside top of the door. Just so the brackets are not in the way when the door closes.

Then I cut off an old broom handle the length between the brackets and nailed it in place, with the nails going through the holes in the brackets and into the ends of the stick.

I painted everything white and it looks nice. Sure is very handy for the dish towel.

Mrs. Lawson

Dear Heloise:

When the elastic comes out of knee-high stockings, or they just won't stay up, I take some stretch elastic and sew it in a circle. Then sew it around the top from the inside of the sock.

If you can't get elastic the same color as the sock, just sew the elastic to the inside of the sock.

It's great!

Letter Of Laughter

Dear Heloise:

A man in my office said he always reads your hints. Keeps him one up on his wife.

Eve Dietrich

Dear Heloise:

I would like to share an idea I find helpful.

Take a wire clotheshanger and pull the bottom cross wire down from the hook until the side corners are completely bent together, making a long handle. Then use this to pull things to the front of high shelves that would otherwise require a step-stool to reach to the back.

I keep one in every closet—including the utility closet and save lots of climbing and reaching.

Mrs. E. Davis

Dear Heloise:

During the hot weather, the sandwiches in my lunch were spoiling at work. So my solution was to fill an empty milk carton with water and freeze it overnight.

In the morning I pack it in my lunch pail next to my sandwiches.

Now I have cold, fresh sandwiches and as the ice melts, I also have a cold drink throughout the day.

Pearl Drucker

Dear Heloise:

For those who go camping with children here's an idea my husband got a kick out of. I tie a vegetable brush at the toe of an old nylon stocking. Up a little ways I tie a knot and insert a bar of hand soap. Then I tie another knot up a little ways to hold a bar of facial soap.

You still have room at the top to tie the stocking to a branch, a rope, or tack it to a table, depending upon where your wash water is placed.

Marty

Dear Heloise:

If you have an upright vacuum cleaner, you can vacuum right up to the edges of your room-size rug and wall-to-wall bathroom rugs by "walking" in it's most upright position, and then as you near the edge... just slightly tilt it backwards. (It "locks," you know.)

This way the rollers in the front of the machine do not touch the edge of the rug but the suction brings the dust up right from the edge of the rug.

Jane W.

And to think of all the years they have sold upright vacuum cleaners and nobody had ever mentioned this before... Isn't Jane terrific? Works, too.

Welcome Party Honors Rev. August Franczek

A welcome party was held Wednesday, July 24, at St. Joseph Church, Foster City to honor the Rev. August Franczek.

A discussion period was held to acquaint parishioners with possible solutions to problems of repair to the church proper. A follow-up meeting will be held in about three weeks.

Slides of the Holy Land, with commentary was presented by Rev. Franczek. He and his brother, the Rev. Walter Franczek of St. Adalbert's Church of Menominee, toured the Holy Land last January. A social hour followed the program.

Rev. Franczek's home parish is St. Michael's of Perronville and he is also responsible for the mission churches of St. Joseph of Foster City and St. Joseph of Northland.

Escanaba Faces A Decision

Waste Water Treatment Or Pullution Is Choice

"Within 10 years we'll have to adopt new waste water treatment methods or else accept pollution as a way of

life," warns Dr. Niles Kevern, assistant director of the Institute of Water Research at Michigan State University.

Detroit Edison To Hike Power

DETROIT (AP) — The Detroit Edison Co. has announced plans to add two large generating units to its system a conventional coal- fired generator in 1972 and a nuclear generator in 1974.

Both the new facilities are to be built near Monroe.

The conventional generator, with a capacity of 800,000 kilowatts, will be constructed at the Monroe Power Plant site now being developed by the electric utility. Two 790,000-kilowatt units already are under construction there.

The nuclear facility will be built on the same 900-acre site as the Enrico Fermi Atomic Power Plant, which has never been used to provide electricity on a commercial basis because of a mysterious piece of metal clogging a vital part. The new reactor is to have a capacity of at least 800,000 kilowatts.

"The existing Enrico Fermi atomic power reactor is preparing the way for the accomplishments of commercially useful fast breeder electric generating units," said Detroit Edison board chairman Walker Ciser.

"The routine sewage treatment, common to most large communities, only partially corrects our pollution problem," says Kevern, "and the many small communities which have no waste treatment at all make the problem disgraceful."

Nutrient elements slip through the primary and secondary treatments which many of our towns and cities now use. Primary treatment settles out the solid material, and secondary treatment breaks down organic matter. Most of the dissolved materials such as phosphorus and nitrogen compounds escape removal and end up "over-fertilizing" our waterways.

"Southern Michigan lakes are particularly over-fertilized and we see the effects at this time of year," asserts Kevern.

"Algae and waterweeds grow profusely with fertilization by septic tank drainage and incomplete sewage treatment. Water intake pipes get clogged, the weeds decay and smell, and swimming and fishing are hampered."

Septic tank leakage and other incomplete human waste treatment methods also benefit disease-carrying bacteria. This contaminates the water for drinking or swimming.

"The ideal way to alleviate these problems is to develop a method which doesn't use our waterways to disseminate

wastes," the MSU professor points out.

"On a more practical vein," adds Kevern, "there are methods available at some cost to remove troublesome nutrient compounds."

The Institute of Water Research at MSU is now planning studies on waste treatment methods involving both physical and biological systems which will remove these nutrients.

Escanaba's sewage treatment plant discharges through Willow Creek into Little Bay de Noc have changed the city's Lake Shore Drive area from a waterfront to a marsh in a decade.

Thanksgiving Bird Supplies Are Cut

WASHINGTON (AP) — Fewer turkeys may be available for Thanksgiving dinners this year than last, according to an Agriculture Department outlook report.

Turkey slaughter the last half of this year is expected to be down 12 to 14 per cent from 1967, the department said. The sharpest cut is expected during the summer months.

However, no shortage is anticipated. The smaller slaughter will be partly offset by larger cold- storage supplies, which were 185 million pounds on July 1, 25 million more than a year earlier.

Stiller

KALAMAZOO (AP) — Arthur Lee Jackson, 36, of Albion, was sentenced Friday by U.S. District Judge W. Wallace Kent to two years in prison on each of three counts of violating liquor laws, the sentences to run concurrently. Jackson earlier was found guilty in a jury trial of possessing a still, possessing distilled spirits and making mash.

Fired

LONDON, Ont. (AP) — Between 70 and 95 employees of Kelvinator of Canada, Ltd., were dismissed from jobs at the firm's London, Ont., plant. A company spokesman said the dismissals were the result of a decrease in sales volume.

Kelvinator Division of American Motors was purchased July 3 by White Consolidated Industries of Cleveland.

Utility Invites Public To Play

Wisconsin Michigan Power Co. has published a colorful brochure that invites the public to visit wilderness recreation areas surrounding its 13 hydroelectric plants near Iron Mountain and Crystal Falls.

The brochure can be obtained by visiting or writing WMPCO's Iron Mountain Customer Service Center.

The brochure invites the public to camp, swim, fish, hike, hunt or just relax on more than 40,000 acres of forest land located along 13 man-made lakes and six rivers.

Pays With Shirt

MURFREESBORO, Tenn. (AP) — Sam Crowder, 21, of Rock Island, Tenn., paid a speeding ticket here with the shirt off his back.

Police Chief William Chambliss said he received an \$18.75 check from Crowder to cover the ticket. The check was lettered on a T-shirt—but Chambliss said it was accepted.

HERO SANDWICH to end them all includes a seven-pound loaf of bread filled with 15 pounds of meat and cheese. The six-foot-long sandwich was sent through the mail to Jack Neilly, above, of St. Petersburg, Fla., who shared his repast with a party of more than 14 adults and children.

FBI Loses Point In Ouster Action

WASHINGTON (AP) — An FBI clerk who was fired because a young woman stayed overnight in his apartment has won the right for a jury to decide whether his conduct was unbecoming an FBI employee.

In making this ruling Friday, the U.S. Appeals Court for the District of Columbia reversed a 1966 district court decision which upheld the government's action.

Thomas Henry Carter, 28, was dismissed by the FBI in 1965 after being accused in an anonymous letter of "sleeping with young girls and carrying on" in his suburban bachelor apartment.

McCarthy Takes Luxury Suite

DETROIT (AP) — Despite campaign financial troubles, Sen. Eugene McCarthy spent Saturday night in the posh presidential suite of the Hotel Pontchartrain following a rally at Tiger Stadium. The hotel says it cost \$150 a day.

By comparison, former Vice President Richard Nixon and Vice President Hubert H. Humphrey — who have not voiced concern about their campaign war chests — rented the presidential suite of the Sheraton-Cadillac Hotel during recent campaign trips here.

The Sheraton-Cadillac says its presidential suite costs \$100-a-day.

Rate Hike

DETROIT (AP) — Detroit Edison Co. has petitioned the Michigan Public Service Commission for a rate increase, the company announced Friday. The petition specifies no dollar amount for the increase but requests a review of the Edison rate structure to establish increases to offset rising costs.

The company said the increase, if granted, would be the first since 1949.

Senate Panel To View Film

ANN ARBOR (AP) — An assistant Washtenaw County prosecutor and an Ann Arbor detective say they are scheduled to testify before the U. S. Senate Judiciary Committee in Washington Tuesday regarding a controversial film that was seized at the University of Michigan.

Assistant Prosecutor Thomas F. Shea said he was requested by an aide to U.S. Sen. James Eastland, D-Miss., a committee member, to bring the film to Washington. It was ordered in connection with the nomination of Abe Fortas as chief justice of the United States Supreme Court.

Shea said the committee asked for a screening of the allegedly obscene movie. He said he and Detective Lt. Eugene Staudenmaier are scheduled to appear before the committee.

The movie "Flaming Creatures," was seized Jan. 18, 1967, after 14 minutes of it had been shown at a UM auditorium. Shea said the showing was sponsored by Cinema Guild, a UM student organization, and four student members and the group's faculty advisor were arrested on charges of showing an obscene movie.

One student, Mary Barkey, 21, pleaded guilty to the charge and paid a \$235 fine. Charges against the others were dropped.

The Supreme Court upheld the 1954 convictions of two New York men on obscenity charges arising from a screening of "Flaming Creatures" at a New York City commercial theater.

Fortas has been quoted as saying he would have supported reversal of the convictions.

Press To Answer Queries On Aug. 19 Millage Vote

The Escanaba Daily Press collaborates with the Escanaba Area Board of Education in a public service starting here today, answering questions from the public about the issues in the millage election in the Escanaba Area School District on Monday, Aug. 19.

The schools are asking the public to vote 5.4 mills for two years for school operations.

If the money is not voted the schools will have to make drastic cutbacks in spending to avoid a huge deficit. The school district already has an anticipated deficit at the end of the school year on July 1 of \$90,000.

Among the school services which will be eliminated if the millage fails are bus service, non-hiring of 7 new teachers needed to keep classes in a one teacher to 25 students ratio, etc.

Questions to be answered by the school administration and the board of education may be submitted to this column.

The first appear today:

Millage Facts

Question: Can the Escanaba Area School District legally discontinue bus transportation?

Answer: This question has been the focus of much community discussion. Section 340.121.c of the Michigan School Code states the boards of education of school districts of the third class shall have the power to "Provide adequate facilities for transportation within the district of pupils from and to their homes when the board deems it advisable."

Escanaba Area School District, because it has between 2,400 and 30,000 students, is a third class district.

The Kingsford School District is an agricultural district and bus transportation was one of the issues on the original referendum. The people themselves must vote to do away with bus transportation. Transportation was not an item voted on by the people during the formation of the Escanaba Area School District.

A ruling on this is available from the Attorney General's office.

Market Slips In Early Trade

NEW YORK (AP)—The stock market turned irregularly lower early today after an initial display of firmness. Trading was fairly active.

An early advantage in favor of gainers was reversed. About 150 more issues fell than rose on the New York Stock Exchange. The Dow Jones Industrial Average erased a small early rise and showed a net loss exceeding a point.

Occidental Petroleum dropped a point, following a report that Texaco has filed suit against it on a charge that it was pirating exploration secrets. Texaco was steady.

Atlantic Richfield dropped about 4.

Westinghouse Electric was firm, while MCA Inc. dropped nearly 3 points after publication of news that the two companies planned to merge in an exchange of stock valued at more than \$385 million. MCA rose 3 1/4 Friday in advance of the news. Gains of about a point were made by Jones & Laughlin, Alcoa, McDonnell Douglas, and Transamerica. Off around a point were Pargas Inc., General Motors, and High Voltage Electronics.

Eastman Kodak reported record earnings. The stock gained a small fraction.

Caution over the outlook for earnings was a factor in stock market performance, even though some companies, like Eastman Kodak, have done well so far despite the effect of the new income surtax on their profit picture. Doubt was expressed that gains in earnings could be maintained for long.

Another reason for caution was the rising tension between the Soviet Union and Czechoslovakia.

Teacher Salary Hike Approved At Kingsford

KINGSFORD—The Breitung Township-Kingsford Board of Education has ratified the master contract with the Breitung Township-Kingsford Education Association.

Officials from both the school board and Education Association expressed satisfaction with the agreement.

The base salary for the 1968-69 school year is \$6,000 and increased cost of the entire economic package comes within 75 per cent of the additional state aid to be received for the 1968-69 school year.

The board emphasized the five mills which will be voted Monday, Aug. 5, will not be spent in additional salaries but will be used to retain as much of the school program as possible.

If the millage passes, that income will be used to reinstate the use of four elementary schools, extra curricular activities, including athletics, guidance and counseling in the junior and senior high schools, and elementary music.

These activities were curtailed after the June defeat of the millage proposal.

Negro Musical Educational TV Highlight Friday

MARQUETTE — "Trumpets of the Lord," the internationally-acclaimed Negro musical, will be given its television premiere on NET Playhouse, seen at 9 p.m. CDT, Friday, on WNMR-TV, the educational television service of Northern Michigan University.

Other WNMR-TV highlights this week:

"Double Concerto," American premiere tonight at 9:30.

"India! My India! — Yet Another Harvest," 8 p.m. Tuesday.

Wednesday, at 7:30 p.m., the Pittsburgh Symphony performs Overture to "Euryanthe," and Symphony No. 7 in A Major, by Beethoven.

Soiree Singers, Thursday at 7:30 p.m.

Hentschell And Mattson To Lead Canoe Adventure

A delegation of 10 Explorer Scouts and two adult leaders from the Hiawathaland Council will leave Aug. 14, for a 13-day wilderness adventure at the Charles L. Sommers Canoe Base near Ely, Minn.

Ted J. Hentschell of Manistiquie and Don W. Mattson of Escanaba will be the adult leaders. Scouts participating will be Frank Hentschell, Roy Anderson, Fred Cayia, and John Phillips of Manistiquie, Dick Bingham of Wells, Dennis Ness, Paul Guenette, Stephen Breault and John Stoll of Escanaba and Ken Seider of Calumet.

The canoe base is located in the Arrowhead country of Minnesota, 22 miles northeast of Ely and three miles by water from the U.S.-Canadian border. The site of the base is on Moose Lake, where the road ends and the roadless wilderness begins.

Canadian-licensed guides accompany the youths, as they go by canoe and portage from lake to lake. They carry on their back everything they will need for 13 days.

The National Scout Camp is one of three operated by the Boy Scouts of America. The others are the Philmont Scout Ranch in New Mexico and Region 7 Canoe base at Boulder Junction, Wis.

Hentschell took a group to Philmont two years ago, took Wood Badge training at Boulder Junction three years ago, and last year led a region delegation to the World Jamboree at Farragut, Idaho. Mattson is a Wood Badge holder, and is active in scouting in Escanaba.

City Employees Threaten Strike

IRONWOOD—Ironwood city employees—not including the police and firemen—were set to go on strike today unless agreement in a wage dispute is reached.

If the strike materializes, the city "plans to protect the interest of its citizens by going into court to seek an injunction to prevent this action," said City Manager Kenneth E. Long.

Members of Local 1538 American Federation of State, County and Municipal Employees AFL-CIO of the City of Ironwood voted unanimously to reject the latest contract offer made by the City.

Forest Fire Is Nevada Threat

CARSON CITY, Nev. (AP) — A 3,000-acre fire which threatened Nevada's capital flashed out of control today after burning within 600 yards of the governor's luxurious home.

It started in a Sierra forest Sunday afternoon on the western edge of Carson City, destroying one house. One hundred other homes were evacuated.

"This is the worst fire since 1926," said Gov. Paul Laxalt, his face smudged and dirty after he and his wife, Jackie, removed some valuables from their \$70,000 home.

Laxalt ordered 200 National Guardsmen to help fight the fire and prevent vandalism and looting.

The fire burned in timber at 7,000 foot elevation, too high and steep to be reached by bulldozers. Four hundred men continued to fight it, although the U.S. Forest Service said it was 60 per cent contained.

Cinders from the fire fell on the capitol and state office buildings as well as homes. Many residents sprayed their rooftops with garden hoses.

Vatican Won't Liberalize On Birth Control

(Continued From Page One)

the conjugal act or in its accomplishment or in the development of its natural consequences proposes whether as an end or as a means to render procreation impossible.

"The Church on the contrary does not at all consider illicit the use of those therapeutic means truly necessary to cure diseases of the organism even if an impediment to procreation which may be foreseen should result therefrom, provided such impediment is not for whatever motive directly willed."

Despite his strong restatement of the obligation of Catholic couples to obey the traditional teachings on birth control, The Pope urged priests to show understanding to them in their problems.

The Pope said that Christ "was indeed intransigent with evil, but merciful toward individuals."

"May married couples always find in the words and in the heart of a priest, the echo of the voice and the love of the Redeemer," he added.

Theologians took this as a reflection of the so-called "French line" of thought—that while practicing contraception is objectively a sin, in individual cases, depending on circumstances, allowances must be made.

This is the practice already followed by many priests in confessions when confronted with couples who practice birth control.

Robert Lauzon To Have Surgery

GARDEN — Robert B. Lauzon, son of Mrs. Evelyn Tatro, has returned home from the Iron Mountain V. A. Hospital where he received preliminary examination before entering University Hospital, Ann Arbor, Wednesday, July 31, where he will undergo brain surgery.

Lauzon was seriously wounded in combat, in Vietnam, on Jan. 22, 1967. On Sept. 15, 1967 he was released from Walter Reed Hospital where he underwent surgery. In January, 1968, he underwent surgery at the V. A. Hospital in Dearborn and received a medical discharge from the service on Oct. 12, 1967.

His mother will accompany him to Ann Arbor.

Latin America Crash Kills 10

DOBBINS AIR FORCE BASE, Ga. (AP)—A C124 Globemaster carrying a crew of 10 crashed in South American jungles Sunday night, and the Air Force said there were no survivors.

The Globemaster was attached to a unit from Dobbins, and it is believed the entire crew is from the Atlanta area.

A spokesman said the four-engine plane crashed in mountainous jungles 47 miles northwest of Recife the most eastern large city in Brazil. The plane was en route from Zanderij Airport in Surinam to Recife.

Duck Situation Rated Critical

Waterfowl nesting conditions remain poor and breeding populations are down 16 per cent from a year ago, surveys by the Interior Department's Bureau of Sport Fisheries and Wildlife indicate.

These surveys, which help determine the fall hunting regulations, have been completed on all the major nesting grounds of the continent. Among some of the important hunting species, the mallard breeding population is down 4 per cent from 1967, pintails down 12 per cent, blue-winged teal down 30 per cent and red-heads down 22 per cent. Gadwalls were up 40 per cent, American widgeon up 22 per cent and canvasbacks up 13 per cent.

A late June survey indicated that only about 600,000 water areas, primarily potholes, remained, and they were drying faster than usual. Normally about 2 million water areas are counted as late as July — the smallest number was 600,000 in 1961. Ducks need water to get broods on the wing.

From early May to late June, the rate of pond loss from drying was 65 per cent; since 1955, this rate between May and July has averaged only 43 per cent.

The unusually dismal outlook was not brightened by a report from U. S. Game Agent Richard C. Branzell of Escanaba, who just returned from a survey and banding assignment in the Dakotas during July. "Extensive rains in eastern North and South Dakota came too late to provide brood water for late nesting ducks. The situation looks critical," Branzell said.

Another Dies Of Blast Burns

ANN ARBOR (AP) — A second person has died from burns suffered when a powderkeg exploded during a Civil War cannon firing demonstration July 21 at Somerset Center in Hillsdale County.

The victim was Gary R. Defendorf, 23, of Clarkston. He died today at the University of Michigan Hospital burn center in Ann Arbor.

Walter Sims, 37, of Davidsburg, died Wednesday from injuries suffered in the accident. He was the father of 10 children.

The explosion occurred when a spark from a cannon at the Heritage Muzzleloaders Festival ignited the gunpowder.

One other man still was listed as critical and a fourth was reported in fair condition.

Art Show Features Ceramics By Prokos

Ceramics by Nicholas Prokos, a native of Escanaba, and two other potters who are teaching at the summer pottery workshop of the School of the Art Institute of Chicago, are on exhibition at the Art Institute through Aug. 18.

The son of Mrs. George Prokos, 1225 6th Ave. S., graduated from Escanaba High School in 1952 and received his Masters degree in ceramics and sculpture at Wayne State University, Detroit, and his Bachelor of Science degree from the University of Wisconsin.

He has been a potter since 1951 and for the past five years has maintained his own studio in Highland Park, where he is experimenting with the Japanese method, raku, in which biscuit-fired pieces are glazed, then fired at low temperature for only 15 minutes. The pieces are removed, cooled rapidly, then smoked.

Prokos has included many of these raku pieces in his exhibit at the Art Institute.

His work has been widely exhibited and he has participated in the 1967 Illinois Biennial at Springfield, the 1967 exhibition of the Ravinia Summer Festival, "Artist-Craftsmen USA" and the Illinois Sesquicentennial Traveling Exhibition.

Metal work in jewelry and sculpture, plus painting, are produced by Prokos, but his principal enthusiasm at this time is in ceramics.

He taught art before opening his own studio in Highland Park, where his work has received increasing attention from the public and the critics. His teaching experience includes Fond du Lac High School, Eastern Michigan University, and currently at the Summer Pottery Workshop of the Art Institute of Chicago.

THE ART INSTITUTE of Chicago in gallery 38 is showing the work of Nicholas Prokos through Aug. 18. Prokos is pictured in his studio in Highland Park and his work has been exhibited widely throughout the Middle West. He is a native of Escanaba. (Chicago Tribune Photo)

Cameramen Say Cops Beat Them

CLEVELAND, Ohio (AP) — Two television cameramen on assignment in Cleveland charged they were beaten by police Sunday because they attempted to film the arrest of two Negroes.

One of the cameramen, Julius Boros, 36, is expected to appear in Municipal Court today on a charge of assaulting a policeman. He was reported in good condition Sunday night at Lutheran Hospital.

The other cameraman, Charles Ray, 40, filed a complaint against 14 policemen and demanded a lineup of policemen so he could pick out the alleged assailants. Ray faces no charges in the incident.

Boros and Ray, both from Chicago, work for the National Broadcasting Co.

Mayor Carl B. Stokes discussed the incident with top police officials and later promised "a thorough investigation."

Five Arrested In Soccer Riot

WINDSOR, Ont. (AP)—Police have taken five persons into custody and three other persons were treated at a Windsor hospital, following a riot by spectators and players at a soccer game Sunday night.

Police said the trouble broke out after a scoreless first half in an Essex-Kent League match between the Windsor teams Italia and Teutonia B at Wigle Park.

About 250 spectators surged onto the field and began throwing stones after a Teutonia goal was scored.

About 20 police with billyclubs broke up the fracas and the game was called off.

Gladstone News

Three Injured Over Weekend

Three persons were injured, none seriously, in two traffic mishaps investigated by State Police of the Gladstone post over a busy weekend.

In Brampton Township on M 35 at 1:10 a.m. Sunday two persons were hurt when a car driven by J. C. Lawrence of Gwinn struck the rear of an auto driven by June Heslip of Brampton. Injured were Colleen Millimaki of Joliet, Ill., who was treated by a physician in Gladstone, and Lawrence, whose injuries did not require the attention of a doctor.

State Police issued a traffic court summons to Lawrence for driving too fast for conditions.

The other personal injury accident occurred at Arnold in Wells Township, Marquette County, at 6:40 p.m. Sunday, when a car driven by Ronald Olson of Negaunee struck a parked car owned by Robert Sauer of Gwinn. Mary Jo Delare of Gwinn, sitting in the parked car, was injured and complained of pain. Olson received a summons for driving too fast for conditions.

Nellie Seger of Rock R'e. 1, whose car ran off County Road H 56 in Baldwin Township at 2 a.m. Sunday and struck a tree and fence, escaped injury. State Police said. The driver told officers she swerved to avoid hitting a deer.

State Police also arrested two young men at Arnold when a car driven by Gary Leisner, 19, of Escanaba Rte. 1, was observed driving 95 miles an hour in a 65-mile zone.

Leisner was also charged with being a minor in possession, and a passenger, Michael Albert, 23, of 312 3rd Ave. S., Escanaba, was charged with furnishing intoxicants to a minor.

A traffic court summons was also issued by State Police over the weekend to Edward Garcia Jr., Gladstone Rte. 1, for excessive speed.

Couple Seeking High Offices

LITTLE ROCK, Ark. (AP) — Jim Johnson and his wife Virginia are, in effect, asking Arkansas voters to disrupt their home. Jim wants to go to the U.S. Senate, his wife to the governor's mansion.

Johnson, 43 and a self-styled segregationist, is considered Sen. J. William Fulbright's strongest challenger in a four-man race for the Democratic senatorial nomination in Tuesday's primary election.

Mrs. Johnson is one of six Democrats seeking the gubernatorial nomination, and some polls give her a good chance of making the anticipated primary runoff. A candidate will need more than 50 per cent of the vote to avoid a runoff.

The Johnsons' candidacies are intertwined with that of former Alabama Gov. George C. Wallace, the third party presidential hopeful. They led the drive to qualify Wallace as a presidential candidate in Arkansas and now they hand out Wallace campaign material along with their own and have kind words for him in their speeches.

Briefly Told

The Escanaba Civil Service Commission will meet Monday, Aug. 5, at 4:30 p.m. in city hall council chambers to elect officers and to hear reports of patrolman and firefighters examinations and appointments.

Kenneth LeBoeuf, Rte. 1, Powers, was ticketed by Escanaba police over the weekend for failure to stop in the assured clear distance ahead.

Surgery Fails To Save Tiny Twins

TAMPA, Fla. (AP) — A four-day-old baby, separated from her dead Siamese twin sister in a five-hour operation Sunday, died today.

The babies were born joined at the chest. The operation separating them was termed a success by Dr. Richard Connor with the surviving infant placed in an incubator overnight.

The cause of death of the second baby was not immediately determined. An autopsy was ordered.

Menominee Wins U.P. Little League Crown

A determined Menominee team upset the favored Iron Mountain team, 6-2, to win the Upper Michigan Little League baseball crown. Iron Mountain was the defending U.P. champion.

Menominee jumped off to a first inning lead in the game played at the Escanaba Jaycee Little League Field when Kevin Roubal singled in Jim Hoffer who had walked. In the second inning, Menominee took advantage of a strong wind as Steve Fourniers blasted one out of the park with teammate Ed Erickson aboard.

Menominee's defense continued to sparkle as they erased an Iron Mountain threat in the first inning with a fast double play, Hoffer to Metiver to Calow. In the third Craig Haglund reached over the fence to rob Joe Steiner of Iron Mountain of a home run.

Hoffer worked his way out of a jam in the fourth inning by giving up the only two runs in his two tournament outings. One of the two runs was a home run by Steve Marriucci of Iron Mountain.

Menominee returns to action in Menominee Tuesday at 5

Munson To Have Bone Surgery

DETROIT (AP) — Bill Munson, the new Detroit Lions quarterback obtained in an off-season trade with the Los Angeles Rams, was scheduled to undergo surgery in Ford Hospital today for removal of a bone growth in his right leg.

A Lions spokesman said Munson, who had taken over as the Lions starting signal-caller during summer training, would be out of action for at least two weeks.

With Munson's absence, a spokesman for the National Football League team said Karl Sweeten, in his third year with Detroit, and rookie Greg Barton, 22, of Tulsa University, will alternate at quarterback in the team's first preseason game.

Barton was the Lions' ninth-round draft choice.

The Lions open their first of five exhibition football games against the Bills at Buffalo, N.Y., Aug. 5.

Rookie quarterback Greg Landry of Massachusetts, the Lions' No. 1 draft choice, and three other Lion rookies are slated to appear in the All-Star game Friday night and will join the team Saturday. A Lions spokesman said it would not give them time to prepare for the Buffalo game.

Munson looked "very, very impressive in the last two weeks," the spokesman said. Last Friday night in an intra-squad scrimmage at the University of Detroit, Munson completed 12 of 19 passes for 143 yards and twice led the Lions' offense on 80-yard touchdown marches.

Grid Candidates Asked To Report

All Holy Name High School football candidates are asked to report to the school (use the Multi-Purpose Room entrance) Tuesday, July 30, at 10 a. m. Managers and those desiring to be managers should also report at this time.

McBean Survives Cards' Hitting Attack To Win

By The Associated Press

It's got to be a great day for a pitcher when he survives a 13-hit attack by the National League leading St. Louis Cardinals, beats them 7-1 — and also hits a grand slam home run for good measure.

But it could have been even better for Pittsburgh's Al McBean. Much better.

"I didn't know the bases were loaded when I hit the home run," McBean said Sunday. "I knew there were runners on base and was figuring I could help myself by getting a hit."

"But if I had known when I hit it that it was a grand slam, you really would have thought I'm a hot dog. I probably would have been jumping in the air when I passed first base and would have gone around the bases hopping like a pack-rabbit."

Elsewhere in the National League, the Chicago Cubs beat the Los Angeles Dodgers twice, 8-3 and 1-0, Philadelphia stopped Atlanta 3-0 on Larry Jackson's three-hit, Jim Maloney and Clay Carroll combined to hurl Cincinnati to a one-hit 5-3 triumph over the New York Mets and Juan Marichal singled home the winning run and gained his 19th victory as San Francisco outlasted Houston 4-2 in 11 innings.

McBean got his grand slam with two out in the fifth inning. After a single by Roberto Clemente and walks to Manny Mota and Jerry May, McBean hit the first pitch from Larry Jaster over the left field wall.

The Pirates had taken a 3-1 lead in the second on Clemente's triple, Donn Clendenon's ninth homer, Mota's double and Maury Wills' single.

The Cubs' sweep of Los Angeles put them in a virtual tie with San Francisco for fourth place and came before a home town crowd of 42,261, largest in 20 years, lured by a streak that has seen the Bruins win 17 of 23 games.

Billy Williams doubled to touch off a four-run fourth inning off Don Drysdale in the opener and then slammed a fifth-inning homer. The eight runs were the most scored against Drysdale in more than two years.

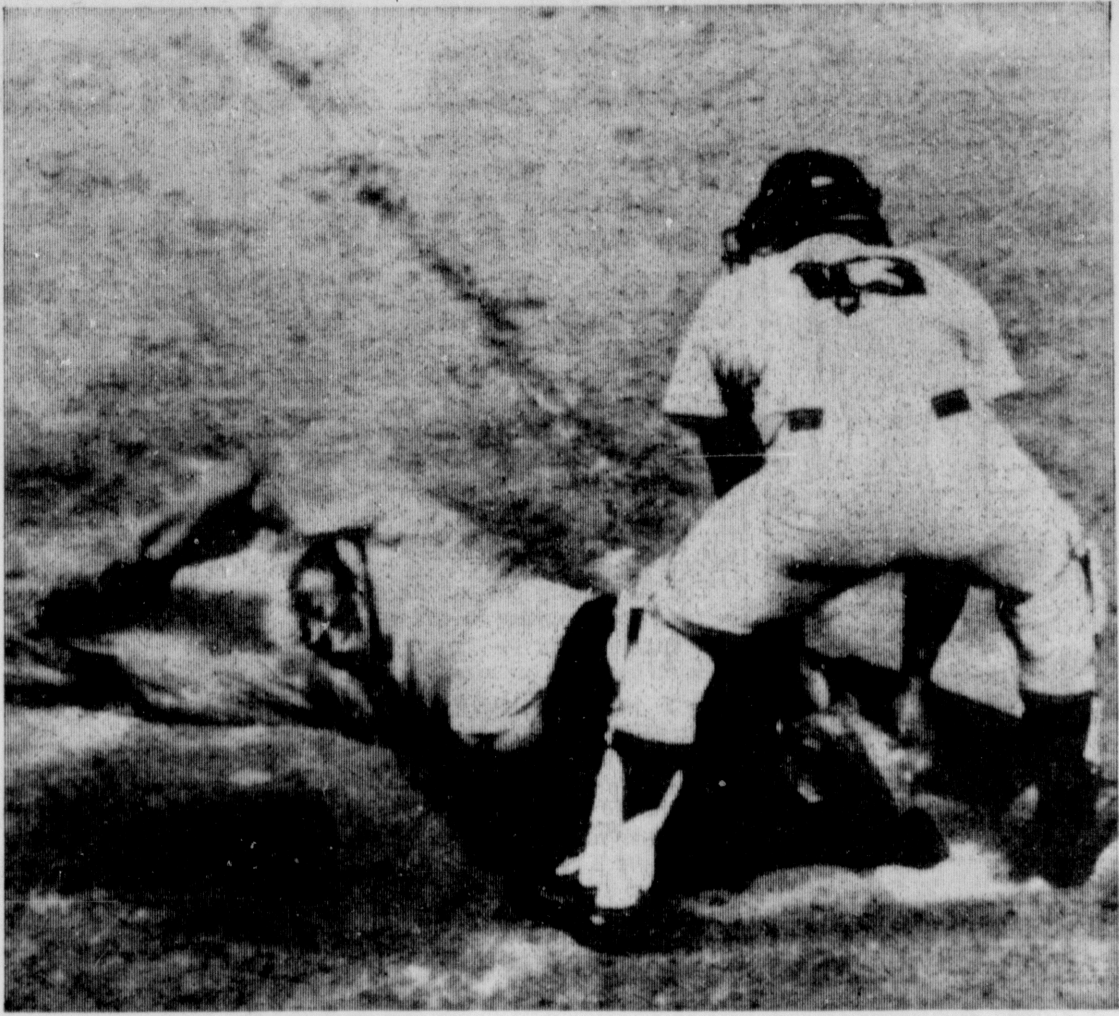

Ken Holtzman struck out 10 and hurled a four-hitter in the nightcap. The Cubs scored in the fifth on Al Spangler's single and Randy Hundley's double.

The double defeat dropped the Dodgers deeper into ninth place. They have lost 31 of 44 games since a seven-game winning streak put them in second place June 9.

Second place went to the team of Rosemary LeMire, Armine Sundquist, Myrtle Ottensman and Pat Friets. The team of Shirley Shomin, Sally Barcome, Vi Damitz and Mary Walton tied with Bev Peterson, Margaret Beauchamp, Marcine Smith and Ev Belongie for third place.

Vicki Beck of the Highland Golf Club was medalist for the day with a 46, low gross from the Highland Golf Club was Elaine Fairchild's 50; low gross from the Escanaba Country Club was Doris Kivela with a 47 and low gross from the Gladstone Golf Club was Bev Farrell with a 47.

The low net score from the Highland was Pat Friets with a 36; low net from the Escanaba Country Club was Shirley Shomin with a 39 and Ruth Ivory shot the low net score from the Gladstone Golf Club with a 35.

Mystery prizes were awarded to Irene Milkovich, Shirley Shomin and Alice Davis.

Other low scores for the day were Sally Fontaine, Gloria Hansley and Rosemary LeMire with 48's; DeDe Peterson and Alice Altess with 49's and Shirley Shomin with a 50.

Cubs will stay at Davis Hall on the Adrian campus.

"Because no solicitation for funds was made this season, the team is in poor financial condition as we make plans for the state tournament," said Bob Olsen, the manager of the Escanaba Cubs. Anyone wishing to help may do so by mailing their contribution to Bob Olsen, Manager Escanaba Cubs, 703 S. 14th St., Escanaba.

Escanaba won the first game Saturday when Greg Johnson walked, Dan Mylander walked, and with runners on second and third, Pete Ross hit a slow roller that the shortstop couldn't make a play of.

Both teams picked up four hits in the contest with Way picking up the victory and recording eleven strikeouts. Ken Mattonen was charged with the defeat.

In the second game Escanaba scored a pair of runs in the first inning and added two more in the fourth to score the victory. Jack Johnson, with relief help from Way in the ninth, got credit for the victory. Mike Carlson and Ed Stimac did the hurling for Ishpeming with Carlson getting the loss.

Mylander led the Cubs hitting attack with two hits and Way stroked a two-run homer in the first. The Cubs rapped out six hits in the game and Ishpeming collected 11. Carlson had a three for three performance for Ishpeming.

As the Cubs head down state, Way and Greg Johnson are the leading hitters with .415 and .315 averages respectively. Escanaba will meet Powers tomorrow night in a Waubung League game at Powers beginning at 5:30.

Iverson, Gardiner Win Saturday Feature Races

Bob Iverson and Duke Gardiner captured the feature races Saturday night in Escanaba before a crowd of 3,200 fans.

Iverson, of Hyde, was the only double winner of the night. In the 20 lap feature, Art Rupert, Jr., of Escanaba moved out to an early lead and held it till the sixth lap when a spectacular wreck in front of the grandstand halted the action. Jim Valiquette of Escanaba was spun sideways and was hit by the oncoming cars, tearing the front axle off his car. He was not injured. On the restart, Jerry Richer of Schaffer took the lead, but Iverson passed him on the 14 lap and picked up the checkered flag. It was the 21 win of the year for Iverson, tying him with Richer for the most victories.

The Canadian racing team was paced by Ted Richer, who captured the modified semi-feature, and Harold Daynard, who won the first heat. Other Canadians placing were Hubert Brazeau, John O'Reilly, and Wes Becket.

Art Rupert, Sr., of Escanaba won his first race of the year in the second heat, when he beat out his son by a foot at the finish line. Bob Iverson captured the third heat outlasting Jerry Richer. In the time trials,

McNally Stops Tiger Sweep Against Birds

BALTIMORE (AP) — The American League leading Detroit Tigers gained time, if nothing else, while playing the runner-up Baltimore Orioles to a virtual standstill during the past two weekends.

Baltimore outfielder Frank Robinson thinks the Tigers also may have gained respect for the Orioles, who have picked up four games on Detroit since the All-Star Game break and now trail by 6½.

The Orioles who won three of four in Detroit a week ago, lost two at home to the Tigers before salvaging the final game Sunday 5-1 behind the three-hit pitching of Dave McNally.

Detroit Manager Mayo Smith, apparently not too unhappy over Baltimore's 4-3 edge in the two big series, said the result "wasn't earthshaking one way or the other."

Manager Earl Weaver of the Orioles, whose battle cry since replacing Hank Bauer on July 11 has been "there's still lots of time," reiterated the message to his troops after Detroit won 9-0 Saturday night.

"We met for about three or four minutes," Weaver said. "I told them that no matter how bad they got beat, it only put us one more game behind in the

loss column and we could make it up Sunday... and we did."

"We showed the Tigers we're not going to die for them," Robinson said. "After the way they beat us Saturday, they went out there all loosey-goosey. We couldn't've gone out with our tails between our legs, but we didn't. I think they respect us more than when we went to Detroit last week."

Robinson hit a two-run homer in the opening inning off Mickey Lolich, who was pounded for seven hits in 1 1-3 innings while losing to Baltimore for the first time since May 26, 1964. He had beaten the Orioles nine in a row. His season record is 7-7.

Robinson also scored from first base on a two-run single by Boog Powell in the fifth. Running on a 3-2 pitch, Robinson kept running when right fielder Al Kaline threw to shortstop Dick Tracewski.

Willie Horton's 26th homer with two out in the ninth ruined McNally's shutout bid, but the left-hander won his fifth in a row and brought his record to 13-8 with a 1.89 earned run average.

The Tigers loaded the bases with one out in the fifth on two walks and a single by Jim

Price. McNally struck out pinch hitter Dave Campbell and Dick McAuliffe hit into a force.

Racing Results

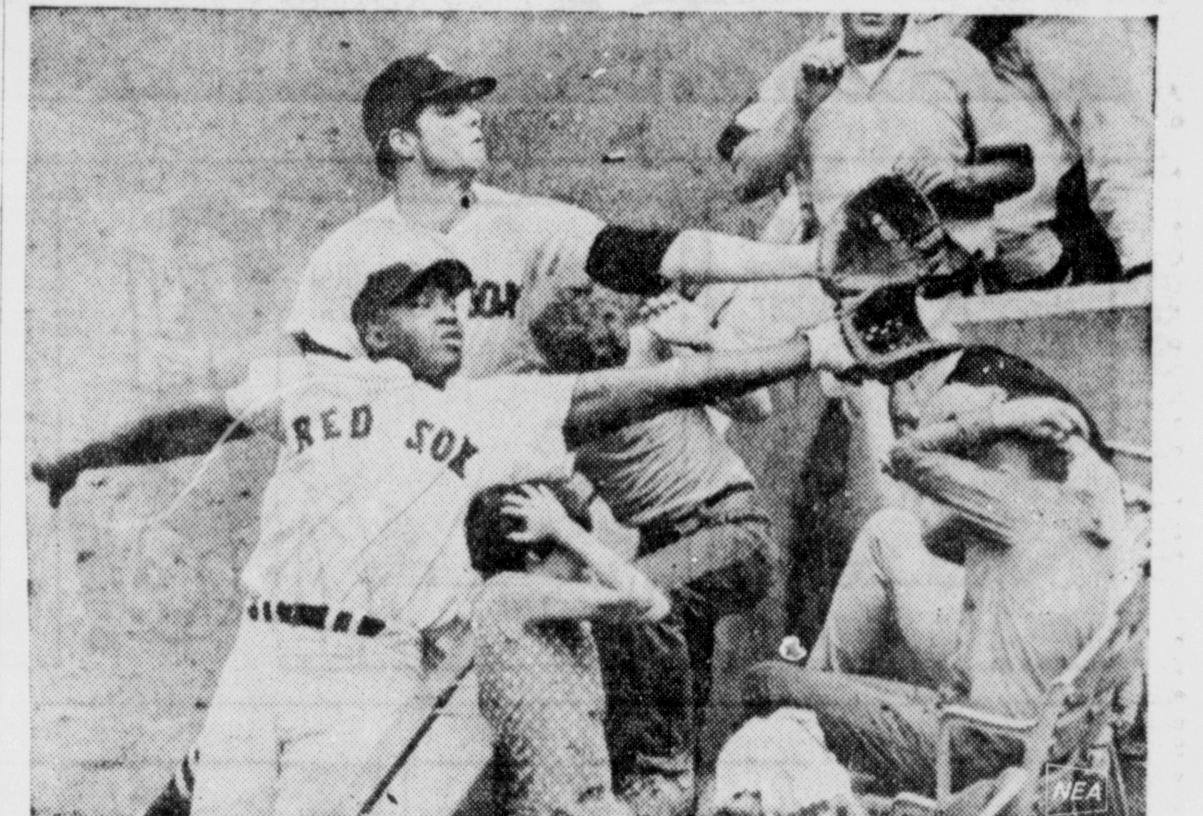

High and gusty winds made it impossible to send the little Junior El Toro sailors out into the harbor Saturday for their race. The intermediate division tried it though and gave the spectators a real thrill. Merrily Bean was the winner followed by Jim Rinehart. Most of the rest of the sailors did not finish due to one reason or another.

On Sunday the Seagull race was run as scheduled even though the gusty winds still prevailed. Henry Van Brussel was the winner with his crew, Gene Kaufman and Henry's brother-in-law from England. Skip Zimmerman came in second followed by his father, Walt Zimmerman, Doug Johnson and Harold Cloutier.

Some of the sailors were not back from the 100 mile race held in Menominee so only five boats were in the race here.

Harrelson Belts Bosox Past Senators In Ninth

By The Associated Press

The Hawk is making lazy circles on the bases again, but he won't take credit for his latest swoop.

"There's only two words you need to know: Bobby Doerr. He did it again," said Ken "Hawk" Harrelson Sunday after his two-run ninth inning homer swept the Boston Red Sox past the Washington Senators 10-8.

Harrelson, who stroked a single and double in addition to his 23rd homer, went on to explain that Doerr, a Red Sox coach, had found a flaw in his swing and helped pull him out of a brief bating slump.

"That's the first time I've hit a ball like that in a week and a half," said the slugger outfielder, who has connected for 13 game-winning hits—seven of them homers — this season.

In other American League action Sunday Baltimore salvaged the finale of a three-game series with first place Detroit 5-1 behind Dave McNally's three-hit; Cleveland swept a doubleheader from the New York Yankees 3-2 and 4-1; Oakland nipped Minnesota 4-3 and the Chicago White Sox edged California 2-1.

Harrelson, who equaled his previous season home run high with the 11th inning blast off Bob Humphreys at Washington, said he'd taken extra post-game batting practice Saturday after Doerr spotted him opening his

left shoulder and dropping his right during a 3-for-20 tailspin at the plate.

"I thought it was my hands," Harrelson said. "It wasn't. I tried five different hand positions. Then Bobby said, 'Don't worry about your hands. Drive your shoulders toward the pitcher and your hands will be all right.'"

Thus enlightened, the Hawk punched a single and scored a run in the fifth inning Sunday and doubled in the seventh as the Red Sox talked twice for an 8-8 deadlock. Carl Yastrzemski opened the ninth with a single and Harrelson hit Humphreys' next pitch into the left field bullpen.

The homer boosted Harrelson's batting average to .291—second best in the league. He leads the majors with 74 runs batted in.

The Indians snapped a four-game losing string and surged within 7 games of the league leaders as right-handers Luis Tiant and Stan Williams, backed by five bases-empty homers, stymied the Yankees.

Home runs by Lou Johnson, Joe Azcue and Tommy Harper gave Tiant his 17th victory against six losses. Tiant hurried a five-hit hero and struck out 10. Williams, 8-5, scattered 10 hits in the nightcap while Duke Sims and Larry Brown homered for Cleveland.

Pitcher Jim Nash broke a 1-1 fifth inning knot at Oakland with his second homer of the year, touching off a three-run burst that carried the A's past the Twins. Bob Allison's two-run homer in the ninth chased Nash, but reliever Paul Lindblad protected the Athletic's edge.

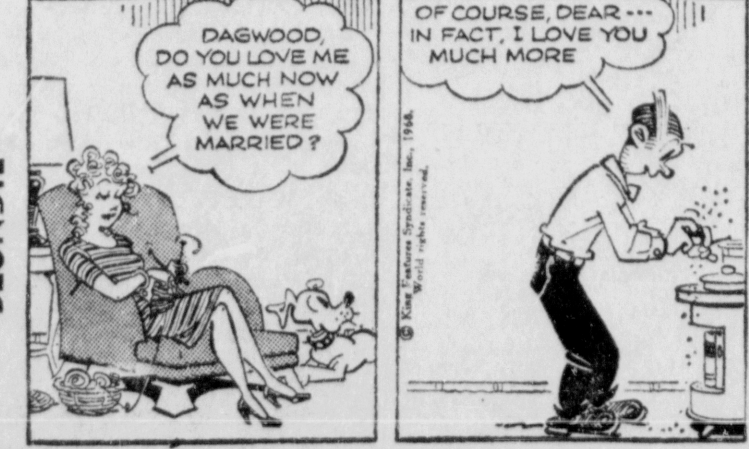

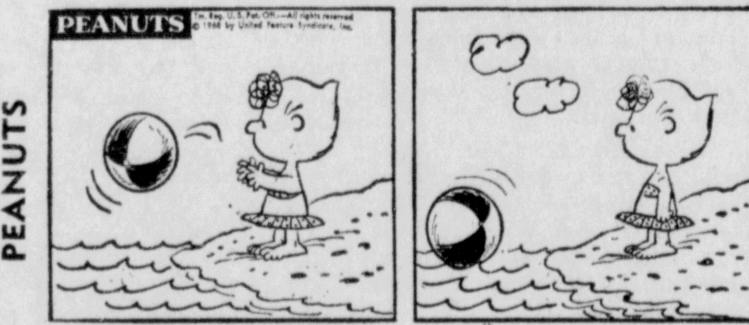

The White Sox managed only three hits at Anaheim, but Pete Ward's two-run single in the first inning was enough to get by the Angels, who have dropped five in a row. Winning pitcher Jack Fisher scattered eight hits, including a homer by Rick Reichardt, before getting eighth inning relief help from Wilbur Wood.

Sikes Scores One Stroke Victory In Golf Classic

ST. PAUL, Minn. (AP) — Dan Sikes may not be clairvoyant, but he had that winning feeling even before the tournament started.

At any rate, he had a lot going for him the past week, which he climaxed with a one-stroke victory Sunday to win the \$20,000 top money in the Minnesota Golf Classic.

The big payday pushed Sikes' earnings for the year to \$76,046 and enabled him to leap from 17th to seventh on the PGA money standings for 1968—ahead of such luminaries as Jack Nicklaus, Arnold Palmer and Frank Beard, who chose not to compete here.

Sikes, from Jacksonville, Fla., beat young Ken Still with a 12-under par 272 over Keller Golf Course, which plays to a par 71. Still, who won \$12,000, was tied for the lead until he took a bogey on the 15th hole of the final round Sunday. It was the fifth tournament in which the Tacoma, Wash. pro has been the bridesmaid.

Sikes had a final-round 64, while Still shot a 68 for his 273. "On the plane coming here," Sikes explained after his victory, "I said I felt I was building up to where I could win a tournament. You can feel it building up."

However, Sikes admitted he needed a lift — and he got it in a torrid first nine holes Sunday. He shot seven birdies and one bogey for a six-under 30 on the first nine.

"When I shot those 71s on the first and third rounds," Sikes said, "I thought I was out of it. And I bogeyed the last two holes Saturday, and that disturbed me."

Sikes was four strokes behind co-leader Pete Brown and Lou Graham starting Sunday's last round.

"I needed something to pick me up," he said, "and I got it."

He went seven under par after getting birdies on the first, third, fifth and sixth holes, sandwiched around a bogey on the second.

Then on the seventh, Sikes drove into the rough, but recovered and sank an 18-foot birdie putt. Then on No. 8, he really got in tune.

"On eight, I did the impossible," he said. "I blasted out of a bunker and it rolled in from about 30 feet. From then on, I knew somebody was helping me."

"It was one of those rounds that makes you feel somebody up there is with you."

Asked if he has his sights set on being the tour's leading money winner, Sikes replied, "I'd settle right now for a year just like last year." He won

\$111,503 in 1967 to rank fifth among the touring pros.

Still, who continues to find that big pot of gold elusive to capture on the pro tour, was happy with his \$12,000 second-place money. "That will pay the bills," he quipped. "Actually, I'm not too upset. In a tournament this close, it was bound to be decided by one stroke."

Tom Weiskopf matched Sikes' final-round 64 for his best tour round and won the \$7,500 third-place money at 274. That put him ahead of Billy Casper, who also did not compete here, as the leading PGA money winner this year. Weiskopf now has won \$136,686 and Casper \$135,935.

Tied for fourth at 275 and

winners of \$4,366 were Brown, defending champion Graham and Bob Dickson. Dickson shot a 68 and Brown and Graham both had 71s Sunday.

A half-dozen more were locked at 276 and won \$2,750 each. They were Tommy Aaron, Steve Opperman, Billy Maxwell, Phil Rodgers, Bob Stanton and Dale Douglass.

Hillebrand Fails Exam; Sent Back To Cardinals

By The Associated Press

Jerry Hillebrand is a St. Louis Cardinal again, Detroit quarterback Bill Munson is a hospital patient and Kevin Hardy, well, he's still just mending.

Hillebrand, a linebacker, had been sent to the Minnesota Vikings to complete a deal which recently sent safety Brady Keys to the Cardinals.

But the Vikings announced Sunday that Hillebrand, who has been hampered by knee trouble, failed to pass his physical and was being returned

to the Cardinals.

A Viking spokesman said the Cardinals now must give up another player or a high draft choice.

Munson, obtained in an off-season trade and now the Lions' No. 1 quarterback, was scheduled to undergo an operation today for removal of a bone growth in his right leg. He'll be out of action for at least two weeks.

Karl Sweetan and rookie Greg Barton will alternate at quarterback for the Lions' first exhibition game, Aug. 5.

And Hardy, ordered by Football Commissioner Pete Rozelle to report to the San Francisco 49ers as partial payment for the Saints' signing of Dave Parks, remained in the New Orleans Saints training camp at San Diego, Calif., Sunday.

"I guess I'll just have to meditate," he said.

Parks, a veteran receiver, played out his option with the 49ers last season, then signed on with the Saints last week.

As payment, Rozelle ordered the Saints to give up Hardy, a rookie but highly prized plus their No. 1 draft choice for 1969. Hardy was greatly upset.

"I don't know what I can do," he said. "If Rozelle tells you to jump, I guess you're supposed to jump. But I haven't been around here long enough to

jump. I am confused by it all and don't know what I want to do. Perhaps I'll get myself a lawyer. I just don't know."

The Atlanta Falcons signed two key players, fullback Junior Coffey and halfback Perry Lee Dunn, leaving 11 veteran unsigned.

The Pittsburgh Steelers reported that Bob Wade, a cornerback, suffered a knee injury in Saturday's scrimmage and now is on crutches.

Miami put seven free agents and 12th round draft choice, tackle Paul Paxton, on waivers. Coach George Wilson said he originally had planned to cut 15, but changed his mind after the Dolphins' scrimmage Saturday.

The Boston Patriots released rookie Ron Persuitte when three veterans returned to camp after completing their National Guard summer training. They are center Jon Morris, guard Karl Singer and fullback Bob Cappadona.

Goossen Sets Record As Mets Top Richmond

By The Associated Press

Parting is such sweet sorrow but all the sorrow was Richmond's Sunday as the Jacksonville Mets not only closed out their highly successful season with the Braves on a victory note but stowed away a record in their bag as well.

Both the victory and the record belonged to lanky first baseman Greg Goossen as he set an International League single game season mark with eight runs batted in as the Mets overwhelmed Richmond 10-2.

The RBI barrage started on a sacrifice fly in the third, was followed by Goossen's three-run homer in the fifth and reached a crescendo with his grand slam clout in the ninth.

The Jacksonville-Richmond series for the season ended with the Mets posting a 15-6 record.

Columbus jumped from fourth to second place Sunday by one percentage point with a clean sweep of a doubleheader over Louisville, 7-5 and 5-4.

With the see-saw opener tied 5-5 in the eighth, Al Oliver rapped a single to bring in the two-run winning margin. In the second game, the Jets overcame a three-run deficit in the sixth for a seven-run barrage to down Louisville a second time.

In a low scoring pair of games the league-leading Toledo Mud Hens took the measure of Syracuse 1-0 and 2-0.

Singles by Marty Richardson and Bob Christian in the third inning of the opener accounted

for all that game's scoring while a triple by Bill Fulk sandwiched between two singles in the second inning of the nightcap told the story of the dual shutouts.

Buffalo and Rochester split their twin bill, with the Red Wings taking the opener 6-2 on a three-run homer by Bill Scripture and an empty-bases round-tripper by Gordie Lund. A three-run homer in the first inning by Sam Bowers provided the victory margin for the Bisons in the nightcap.

A bronze plaque has been placed on a girder in Section 31 of Yankee Stadium to mark the spot where Mickey Mantle's 500th home run landed on May 4, 1967. The plaque was a gift of Mantle's teammates.

Dayton Names Player-Coach

DAYTON, Ohio (AP)—Larry Wilson, former National Hockey League player with Chicago and Detroit, was named player-coach of the Dayton Gem of the International Hockey League Sunday.

Wilson, 37, also played with Buffalo of the American Hockey League. He succeeds Warren Backs as Gem's coach. Back resigned to enter business here.

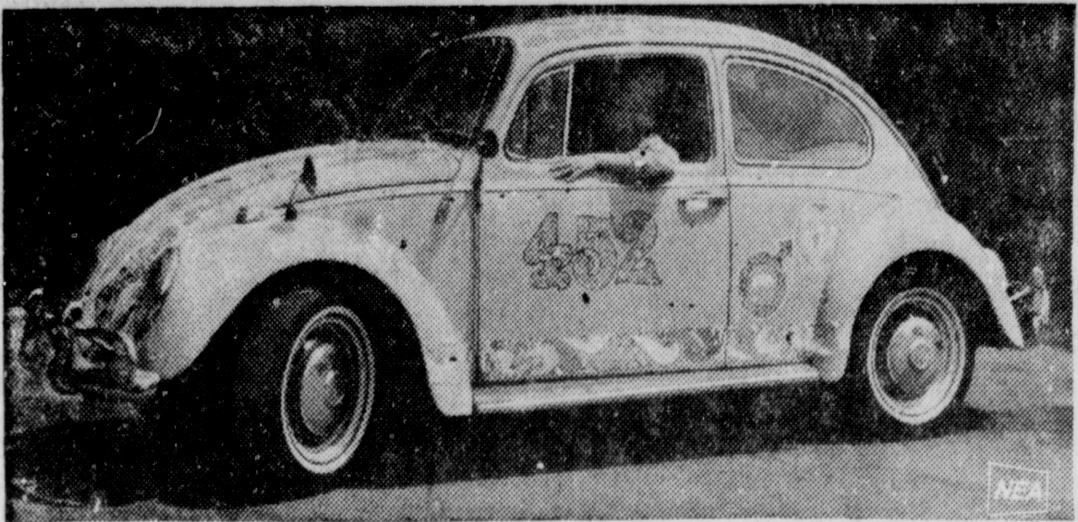

On the third hole of the Masters this year, in an early round, I came up short with a pitching wedge from just in front of the green and it cost me a bogey. I made a bad choice of shots.

I use my pitching wedge two different ways. On one, I hit a high lob that doesn't run much. On the other, I hood the club and hit a drive shot that rolls. By hooding the club, I mean moving the

hands forward in the stance and rolling the club over on top of the ball so the club face is almost vertical.

That's what I should have done in this case. Instead, I came up 20 feet short of the hole. And a pitching wedge or a nine-iron 20 feet from the hole isn't a good shot.

Time-Life Fire Routs Diners

NEW YORK (AP) — A smoky fire in the 48-story Times-Life building in Rockefeller Center routed patrons of two restaurants and staff members of Time, Life and Sports Illustrated working to meet deadlines.

The blaze started Sunday in the mail room of the N. W. Ayer advertising firm on the 11th floor. Smoke poured through the air-conditioning ducts of the steel and glass building, in which all windows are sealed.

Firemen had to break windows on the 12th floor to reach down with pikes and smash open the 11th floor windows to let the smoke escape. Three firefighters suffered smoke inhalation.

The Gila monster does not bite unless it is provoked.

Wayne Deputies Arrested In Raid

DETROIT (AP)—Five Wayne County sheriff's deputies were suspended by sheriff Roman Gibbs Sunday after they were arrested in conjunction with a raid on a private party in Detroit.

Gibbs said the prosecutors office authorize warrants charging gross indecency, which is a felony, against two of the deputies and two of three women who were arrested in the raid.

The sheriff described the party as a "smoker" or as a "blind pig," which is the common police phrase to describe a place where illegal liquor is served. However, Gibbs declined to give details of the party.

He said warrants have been authorized against three other deputies and the 19 other persons arrested on misdemeanor charges of loitering in a place of illegal occupation.

The sheriff said after a deputy sheriff brought the possible case to his attention last week, he immediately contacted Inspector William Hume of the Detroit police Department's vice squad, who led the investigation.

Seven Detroit policemen and seven sheriff's deputies participated in the raid, he said.

Police said pleas of innocent were entered for two suspended sheriff's deputies, Daniel J. Prevenda and Paul L. Smith, in Recorder's Court in Detroit Sunday, on charges of gross indecency. They were released on \$1,000 personal bonds, police said.

The other three deputies were held in city jail, pending scheduled court appearances in Recorder's Court Monday, police said.

The sheriff identified the three as Donald Linn, Eugene Buhlman, and William Connolly. He said Buhlman and Connolly were not arrested at the party but were seen leaving the area before the raid.

Publicist Dies

DETROIT (AP) — Funeral services for Robert J. Kelly, 39, of Allen Park, Chrysler Corp. publicist who died Friday night, were scheduled for Monday night at Allen Park Presbyterian Church.

Hare Cleans Out Humphrey Foes

LANSING (AP) — Secretary of State James M. Hare says he fired one of his assistants because "it is vitally important" to have people in appointive positions "supporting the same candidate."

Two assistant secretaries of state were fired last week, both of them alleging the action was taken because of their support for Sen. Eugene McCarthy, D-Minn., for Democratic presidential nominee.

Hare is a strong supporter for Vice President Hubert H. Humphrey.

Hare explained his reasons in a mimeographed memo to "pressroom personnel" dated Tuesday, July 23, postmarked by a postage meter Thursday, July 25, and received by the Associated Press Saturday, July 27.

The legend printed with the meter postmark on the Michigan Department of State envelope in which the communication arrived said: "vote as you please — but VOTE."

Assistant Secretary of State James Palmer said Friday he had been fired from the \$14,500-a-year post because he refused to support Humphrey.

"My notice came at 3:15 p.m. Friday in a memorandum from Hare saying that 'You are terminated as of tonight today,'" Palmer said.

Earlier in the week, Deputy Secretary of State F. McClure was fired, he said, because he did not choose to support Humphrey.

Twister Clips Houses And Barn

ANN ARBOR (AP) — Two houses, a barn, and at least three cars were damaged when a tornado touched down about eight miles north of Ann Arbor Saturday afternoon, the Washtenaw County Sheriff's Office reported.

No one was injured.

The department said the twister skimmed across an eighth of a mile path on the ground on Whitmore Lake Road near Northfield Church Road before ascending into the sky.

"This is a sorrowful ending to the politics of happiness," Palmer said. "Some call it political unity. We call it political purge."

"I am a strong supporter of Vice President Humphrey," Hare said in the mailed memorandum. "Certain members of my staff have chosen to support Senator Eugene McCarthy for president . . .

"But the office of secretary of state is both elective and partisan. Being partisan, we are in the business of politics. And to this end, it is vitally important to have persons in the non-classified, political positions 'going down the same path and supporting the same candidate,'" Hare said.

Author Read Claims Salvage Rights To Barge

RICHMOND, Calif. (AP)—The Santa Fe Railroad is involved in a salvage dispute with a bearded, 52-year-old author over a 280-foot barge the railway uses to ferry its cars across San Francisco Bay.

Robert Read, the author, sighted the barge off Point Richmond last Friday, unmanned and drifting. He boarded, dropped anchor and claimed salvage rights.

Santa Fe towed the barge back to its dock and has turned the question over to its attorneys.

Read, who said he had done "what any responsible citizen would do," added: "the thought of pecuniary gain did cross my mind."
